PRODUCT PARAMETERS

Model	DTF Magic® Printer Pro 30 cm
Print head	F1080×1
Printing width	≤300mm
Print color Configuration	Color + white(CMYK+WWWW)
Applicable media	PET film
Print accuracy	1440/2160/2880dpi
Printing speed	12Pass 1m ² /h
Board card	Hoson
RIP software	DTF Magic® RIP software
Operating system	Win11
Platform lighting	LED lighting
Print interface	Gigabit Ethernet port
Temperature and humidity	15-30°C 35-65%
Electrical parameters	50HZ/60HZ,220V 3.2A Rated power 0.7KW
Dimension	Machine: 820*842*362mm N.W 37.5KG(estimate) Package: 900*600*490mm

PRODUCT DETAILS

DTF Magic® Printer Pro 30 cm

EPSON-F1080

Original Print Heads
High density and long life

Ink shortage alarm

Automatic ink shortage alarm

HOSON

High stability and long lifespan

Waste ink alarm

Alarm triggered when
the waste ink is full of ink

Key panel

Intelligent panel display
and control

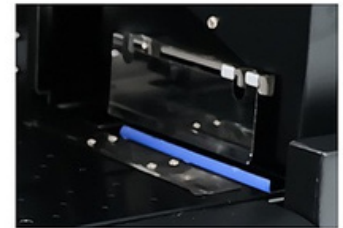

Temperature control

Controllable platform temperature

LED lamp

Lighting printing platform

Anti-collision system

Prevent print head collisions
and better protect print heads

APPLICATION

Hat

T-shirt

Hoodies

Jeans

Mouse pad

Handbag

Pillow

A bag
